The Last Lecture.

This evening B. P. Shillaber, Esq., the renowned Mrs. PARTINGTON, gives the last Lecture of the People's Course at Aquidneck Hall. No one who has laughed over the old sayings of humor and humanity (and who has not!) of that old lady will fail of hearing the poem to be read this evening.

Mrs. P. has recovered from her recent attack of the Rheumatism and leading "isane" by the hand will be seen ascending a stair-board wharf this P. M. immediately after the arrival of the Perry.

Below our readers will find Mrs. Partington's criticism of the last Concert. We think of getting her to do musical criticisms for The News.

"How did you like the Concert?" asked Frank, of Mr. Partington, at the Oratorio. "Very much, indeed," said she; "I liked everything about the Oratorio but the Consecrations; the Consecrations I thought was dreadfully out of tune." Frank explained to her the object of consecration, and smiled a little at the grave mistake she had made in musical terms. Bless thee, Mrs. Partington, thy genius in thy extravagance is never retarded by terms!

The success attending their first performance is sufficient to warrant them an over-throwing house. See advertisement in another column.

TO THE JUNIOR EDITOR OF THE "NEWS."

I infer from the position of an article signed "Justice," in your issue of Wednesday the 11th inst. that your Senior editor is absent. Will you be so good as to ask him on his return to favor some of his unlearned readers with a word of explanation as regard the precise meaning meant to be conveyed in some of the glowing paragraphs of that communication. For instance "Justice" in enjoining some opinions of the Supreme Court pronounced at its late term in this city says—

"These two opinions alone are worth more to the people of this State than a year's salary of all the Judges. Query.—How much more?—and again it says 'two opinions' of the Court are worth that sum—what are all the opinions combined that are annually pronounced by the Court worth to the People of Rhode Island? Republics are said proverbially to be ungrateful. And I am inclined to think that an equitable disposal of the problem I have stated would prove beyond question (by the people at least) that so far from the demand that was recently made in the General Assembly for an increase of the salary of the Judges of the Supreme Court to the amount of a few pitiful thousands being unreasonable it will be found to fall far short of the real value of the almost insatiable services of the august and all but omnipotent tribunal, as it at present exists. The sense contained in the following magnificent paragraph also needs elucidation: its sublimity of expression being altogether beyond the comprehension of a majority of your readers in an undisciplined state. 'The clear good sound and manly independence of the associates, are only equalled by those transcendent abilities which have placed the Chief Justice among the first jurists of the Country!'"

One more query and I have done. Is it true Mr. Editor that in the history of the world it has been found that there never existed a JEREMY that was not attended by a NIMROD. HADEN.

N. B. Since writing the above it has been suggested to me that the communication of "Justice" is intended for a satire and not a panegyric as I supposed. If so, the Supreme Court should be thankful for the amelioration.

SUPREME COURT, March Term.—On the trial of petition for divorce, Sarah Ann Hazard vs Arnold Hazard—prayer of the petitioner granted.

COURT OF JUSTICES, March 10, 1857.—States vs Patrick O'Connell, for a violation of the liquor law; guilty. Fined \$20 and ten day imprisonment. Appealed.

Ellen Lynch for the same offence. This case was brought on account of a love affair which was settled before the case came on; the lover did not appear against Ellen, so the case was dismissed.

State vs Thomas Kenedy, an old offender, for being very drunk. He was taken from Mill street, where he was trying to kick in a dog, guilty. Fined \$20 and cost. Committed.

It gives us pleasure to publish the following Correspondence showing the disposal of the money received by the Musical Institute at their late Concert.

President, Dorcas Society.

The Newport Musical Institute find a balance of seventy-five dollars in the treasury resulting from the Concert given by them on Friday evening last, agreeable to their vote, I enclose to you a check on Bank for the amount, to be devoted by your Society to such purposes as may be judged to be for the best interest of those requiring aid.

I am very respectfully,

THOMAS COGGESHALL,

President Newport Musical Institute.

To President and Directors of the Musical Institute.

DEAR SIR,

The ladies of the Dorcas Society acknowledge as a gift from the members of the Musical Institute, the receipt of seventy-five dollars through your hands.

They hereby express their sincere thanks for the same and will carefully use the money as liberally given, for the purpose designed.

We have the honor of being &c.,

MARY BOTTOMORE, Pres.

E. M. TENNEY, Sec. & Treas.

SCOUNDRELISM.—As the 6 1/4 o'clock outward freight train on the Fitchburg Railroad was passing between the Prospect street bridge and the American Tube Works, in Somerville, on Friday morning, it was discovered that an iron rail was lying directly across the track. The train was running slowly at the time, but could not be stopped until it struck the rail and pushed it along some distance. The rail had evidently been placed there by some God-forsaken wretch, for the purpose of creating a disaster. Fortunately no damage was done. In a few minutes after the occurrence a passenger train was on the spot.

MR. EVERETT'S MOUNT VERNON FUND.—The Mercantile Library association have passed over to Hon. Edward Everett \$1203, 37 being the net proceeds of the sale of tickets to his oration on the character of Washington, on the 23d ult., in aid of the Mount Vernon fund. This is the largest sum yet received by Mr. Everett in any one contribution to that fund, the next largest the amount being \$1150, which was received at Brooklyn. Mr. Everett has delivered the delivered the oration eighteen times for the exclusive benefit of the Mount Vernon fund, and is under engagement for further repetitions of it. The amount thus far raised by Mr. Everett is nearly \$14,000.—Boston Courier.

INTERESTING TO OFFICE-HOLDERS.—Washington, Sunday night. (Correspondence of the New York Courier and Enquirer.) The President and Cabinet have resolved to turn out office-holders generally on the expiration of their commissions. Gen. Thomas has been re-appointed Assistant Secretary of State by Gen. Cass.

The recent address from Spain demonstrate that she is wide-awake on the subject of Mexico and that she will be long in making a demonstration on that country.—The Mexican treaty of Mr. Forsyth acquires from this circumstance, new interest, but Mr. Buchanan follows out the views of his laurel and will avoid the plan of a loan, as something that may give rise to "entangling alliances."

The Atlantic, it will be recollected, left New York for Liverpool on the 1st inst.—Among the passengers was a man named Winter (with his wife), a clerk of a mercantile firm in that city, having in his possession \$2,000 belonging to his employers, and which he had obtained by breaking open the safe. The principle of the firm obtained a warrant for his apprehension, and took a passage by the Persia, which sailed three days afterwards. The chances were in favor of the criminal clerk; for though the Persia is the fastest steamer afloat, it could scarcely be expected that she would overtake a full powered steamer, which sailed three days before her. No sign of the pursued steamer was seen till off the port, when the Persia came up with and passed her, arriving in the river two hours before her. The pursuing merchant, accompanied by a police officer, boarded the Atlantic, and confronted the astounded Winter, whose dreams of security were thus rudely dissipated. Nearly the whole of the missing money was found upon him. He was brought ashore, and now awaits the decision of Nathaniel Hawthorne, United States Consul at Liverpool.—London Star.

DANGEROUS ASSAULT IN WAYLAND.—About one o'clock last Monday night, a Mr. Puffer, who resides on the Framingham road in Wayland, was called up by a Irish neighbor who said there was trouble at his house and he wished Mr. Puffer's assistance to quell it. Mr. Puffer started accordingly, but just before reaching the house two men rushed out and attacked him, inflicting two stabs upon his person—one in the side and the other on the shoulder, the latter being arrested by the collar bone. Had the latter blow been aimed a little higher, the knife would have entered his neck and endangered, if not terminated his life. It was a narrow escape. After committing this assault the ruffians got into a chaise and drove off. They belonged to Saxonville, and are known, and we hope will speedily be brought to justice.—Boston Jour.

The vote of thanks tendered to Speaker Banks by the House was well merited, and it is remarkable that there should be twenty-five dissenting voices to this usual compliment. Mr. Banks has had no party in the House to sustain him, but yet though he has encountered a greater number of difficult questions in his administration of the duties of the Chair than any one of his predecessors, not one of his decisions has been overruled, or seriously questioned by any large minority of the House. This is the best proof of the confidence reposed by the House in his impartiality and ability as a Speaker. It is also admitted that in the dispatch of business he has hardly ever had an equal in the Chair, and perhaps those members who were averse to the transaction of necessary business, might be expected to find some fault with him on that score.—Journal of Commerce.

A MISTAKE.—Mr. Thomas Rao, of Toronto, Canada West, brother of Dr. Rao, that Arctic traveller, contradicts the report that his brother is about to resume the search for further traces of Sir John Franklin's party. He says the Doctor's intended voyage to the Arctic regions is for the purpose of completing the survey of that part of the coast of America as yet unexplored. He also states that no further expedition will be sent out by the government to prosecute a further search.

THE RIGHT OF SUFFRAGE IN NEW YORK.—A resolution to amend the Constitution so as to allow colored persons to vote without a property qualification, has passed the New York Senate by a vote of 21 yeas to 5 nays.

FAST DAY APPOINTED.—Governor Minor of Connecticut, has appointed Friday, the 10th of April, to be observed as a day of "fasting, humiliation and prayer."

SPECIAL NOTICES.

DAVIS' PAIN KILLER.

Boston, June 13, 1854.
FRIEND DAVIS.—Although a stranger to you, I take the liberty of addressing a few lines to you, for the purpose of saying a few words in favor of your invaluable medicine. I have used your Pain Killer for a number of years, and for bowel complaint and burns, and in fact for pains of all kinds, I think it pre-eminent. Before I became acquainted with your medicine, I had a violent attack of dysentery, which reduced me very low, in fact my friends thought I could not survive, but by the treatment of a Boston Physician, the best remedy I then knew, I recovered. Since then, I have had several attacks, one very violent, about four years ago. I was attacked at 3 o'clock in the morning, and at sunrise, I was not able to get off my bed, I sent and got a twenty-five cent bottle of your Pain Killer, which I commenced taking, according to directions, and at six o'clock in the evening my bowels were regular, and I was up and moving about, although somewhat weak. I would recommend to all similarly afflicted, to avail themselves of your valuable medicine.

I am, sir, yours respectfully,

ELMER WILLIAMS.

The genuine Perry Davis' Pain Killer is now put up in patent bottles, with the words Davis' Vegetable Pain Killer blown in the glass; and with two steel engraved labels on each bottle—one an excellent likeness of Perry Davis, the original inventor of the medicine, the other a steel engraved note of hand from some others can be relied upon as genuine. Prices of bottles 12 1/2 cents, 25 cents, 50 cents, and \$1 respectively.

LOTTERIES.

THE well known Mary and Consolidated Lotteries, of which R. F. French & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people of that state to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the conclusion comes to the lot. The prices of tickets vary from \$1.00 to \$20.00. No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of our number on each ticket (after the Havana plan), and Tertiary combination. Prizes vary in amount from \$20 to \$100,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over.

Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the conclusion comes to the lot. The prices of tickets vary from \$1.00 to \$20.00. No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of our number on each ticket (after the Havana plan), and Tertiary combination. Prizes vary in amount from \$20 to \$100,000.
